## LITTLE BIT MORE ABOUT ME

- I'm self-taught developer.  
My goal is to become as efficient as possible. People find me reliable.  
I enjoy solving challenging tasks.

## EXPERIENCE

### ○ Freelancer

I've developed everything from simple websites to native backend driven apps for both, desktop and mobile. On some of those projects I've been cooperating with other developers.

## EDUCATION

### ○ III. Gymnasium

In this school we have subject called web design. That actually got the ball rolling for me learning the web development.

## HOBBIES

- Swimming and hiking relaxes me.  
I like to work on my own development projects and occasionally play video games with friends.
